

**Each of these people represent an era of God's  
revelation through Scripture.  
Use the right-hand column to place these people  
in historical order as best you can.**

- 1. Daniel**
- 2. Noah**
- 3. King Saul**
- 4. Abraham**
- 5. Esther**
- 6. Paul**
- 7. Moses**
- 8. Samson**

Does it matter if you can place Bible people in historical order? Obviously, brute memorization isn't the point. Knowing God is the point. Jesus even railed against the religious leaders of the day for knowing the details and missing the point.

But.

God, in His tender mercy, gave us a record of His movement, a journal into His personality, an explanation of His love. When we pursue God and seek to deepen our relationship with Jesus, the facts, like *who* appeared *when*, become second nature.

Scripture speaks emphatically about the blessings of seeking God's knowledge and the consequences of biblical ignorance. Let this little exercise be a springboard for knowing God through His Word.
